### **2009 Report Professional Development**

The goal of the Professional Development Committee is to:

- Increase knowledge among all NCEAFCS members of the opportunities for professional development through formal study, through workshops and seminars and through distance learning opportunities.
- Encourage exchange of research findings between districts and from state and national levels.
- Encourage attendance at the NEAFCS meeting.

This year, I served as a reviewer for proposals submitted on the national level in preparation for the national meeting.

Sandra Head, VP Southeast District reported that Robin T. Seitz received a Master of Agricultural Education from NC State University December 2008.

Tanya Wynne, VP Northeast District reported that she had certification in the American Dietetic Association Adult Weight Management Program, March 2009.

Glennie Daniels, VP West Central District reported Debbie Cox became a master trainer for the Powerful Tools program and Leigh Guth received a title promotion.

The other remaining districts reported no degrees conferred by their membership. There was some confusion regarding members and districts with the upcoming redistricting.

Shari Farless, State VP Professional Development applied for PDU'S for the state meeting this year for those with Certified Family and Consumer Sciences (CFCS) status.
