**PREFACE**  
**2003**

The Bertie County Resource Directory is provided as a public service for the citizens of Bertie County and their families. The N.C.

Cooperative Extension Service – Bertie Center and Bertie County Commissioners cooperated in publishing the directory.

The intent of this publication is to provide a directory, which will identify the public and private resources available to meet the needs of our citizens. Our Bertie citizens have increasing needs with limited public resources to meet those needs.

It should be noted that this publication is for identification of resources only. It is not an endorsement or recommendation; it does not guarantee nor warrant the standard of any resource listed; neither does it imply approval of any business listed to the exclusion of others which may be available but were not identified.

Please contact the Bertie County Cooperative Extension office at 252-794-5317 if you have suggestions for improvements, or for more information.
