

Table one: Programs and administration

	<i>A. County</i>	<i>B. Natural Resource Programs</i>	<i>C. Administered by</i>	<i>D. Local SEC since</i>	<i>E. SEC fees</i>
1	Buncombe	Soil Erosion and Sedimentation Control for county Stormwater Mgt program (delegated phase 2 even though not a phase 2 community) Flood Damage Prevention Ordinance	All administered by Planning and Development Department	22 years	\$400/acre (also \$400 acre for stormwater fee)
2	Cabarrus	Soil & Erosion Control (SEC) for county & munis, & Rowan County (watershed basis) Stormwater permitting by state. Concord, Harrisburg, Kannapolis are Phase II, individual programs, (Concord wants county-wide stormwater, even playing field).	Environmental Protection Section, Dept. Commerce (does SEC inspections & enforcement). If fined, may appeal to WIC (citizen board with staff support from SWCD).	20 years	\$125/acre + 3% technology fee on total
3	Gaston	SEC for county & munis, new county stormwater ordinance (not all munis are bought into it, though some are Phase II) Extension has natural resource staff, ed programs and facilitation	Natural Resource Dept. (which incorporated SWCD 10 years ago)	3 years	\$150/acre

	<i>A. County</i>	<i>B. Natural Resource Programs</i>	<i>C. Administered by</i>	<i>D. Local SEC since</i>	<i>E. SEC fees</i>
4	Haywood	Erosion and Sedimentation Control No stormwater ordinance- try to work with people to be friendly about how they direct/divert stormwater.	Haywood County Dept of Erosion Control – Mark Pruett, Director	~ 1988	>1/2 acre - \$350/acre or part thereof <1/2 acre - \$50
5	New Hanover	SEC program Stormwater ordinance (more stringent than state) New Extension agent for stormwater/LID programs SWCD -Technical assistance/ed	SEC by 2 County staff in Engineering Dept. Environmental planner is in Planning Dept.	2001/2002	unsure
6	Wake	Local S&EC Stormwater ordinance – administers Neuse rules. Both are less prescriptive, require meeting a stormwater and hydrology standard.	County Environmental Services Dept	From the beginning – as soon as it was available.	\$250/disturbed acre for plan review and \$250/disturbed acre for inspection
