

April 16, 2010

Dear Potential Exhibitor:

The National Poultry Waste Management Symposium (NPWMS) is being held on October 26-28, 2010, in Greensboro, North Carolina, at the Sheraton Greensboro at Four Seasons. A copy of the program is enclosed for your information. An outstanding general session and poster program have been put together as we attempt to address social considerations, community relations, air quality and emissions, nutrient trading, and next generation technologies for handling waste. Commercial exhibits will be set up during the session covering waste processing, environmental services, and educational topics. This Symposium may be a very good vehicle for your company to market its services.

Commercial exhibitors will have a 10 ft x 10 ft area with an 8 ft table and 2 chairs to display promotional materials. One electrical outlet per table will be available at no cost, but special electrical requirements need to be requested in September.

The commercial exhibitor fee is \$750. This includes a complimentary regular registration to the Symposium (Proceedings, Monday & Tuesday evening receptions, Tuesday & Wednesday luncheons, and Environmental Facilities Tour). Be sure to include on the application the name of the individual receiving the complimentary registration and if they plan to attend the tour. If others from your organization would like to attend the Symposium, you may duplicate and complete the regular registration form enclosed. Please send your check and completed Exhibitor Booth Application to the address at the bottom of the application by **Friday, October 1**.

Please contact me (814-863-8934, mrh4@psu.edu) if you have questions or need information. We look forward to working with you on this Symposium.

Sincerely,

R. Michael Hulet
