# NC Biomass Council - Roadmapping

- NC Biomass Roadmap created through a stakeholder process (*patience & perserverance!!*)
  - Identified NC biomass resources
  - Developed a list of recommendations through stakeholder meetings
  - Set goals – displace 10% of gas & diesel by 2017

State Energy Office  
NC Department of Administration

# Biomass Council Education

- Technical issues
  - Canola processing, bio products, energy crops, project financing, company profiles (Novozymes & Fibrowatt)
- Policy developments
  - State, federal, regional

# Outputs

- Developed a widely circulated roadmap document w/ clear goals
- Supported applications for Farm Bill (Section 9006) funding
- Engaged a wide biomass stakeholder community

*Next Steps – Deployment!!!!*
