# Red Imported Fire Ant Identification & Control

Wednesday, July 17, 2013, 3:00 p.m. – 5:00 p.m.  
Cooperative Extension Office

## RED IMPORTED FIRE ANT IDENTIFICATION AND CONTROL IN LAWNS, LANDSCAPES, ROADSIDES AND OTHER NON-CROPLAND AREAS

*Kerrie Roach, North Carolina State University Extension Agent*

This meeting will be beneficial to the average homeowner as well as the experienced landscaper. Please come with your identification and control questions and be prepared for a lively interactive session.

**\*\*\*Two hours of pesticide credits will be offered for subclasses G, H, I, K, L, N, O, D, & X. \*\*\***

A \$5.00 fee for materials will be collected at the door. To receive credit, please bring your current NC Pesticide license.

To register, or for more information, please contact Kerrie Roach, Extension Horticultural Agent at the Cooperative Extension Center at 697-4891.

*For accommodations for persons with disabilities, contact the Extension office at 828-697-4891 no later Than July 10th.*
