# 4-H Embryology

## IN YOUR CLASSROOM

### 2<sup>nd</sup> Grade

4-H offers a full curriculum, with workbooks that fit 2<sup>nd</sup> grade standards for the embryology program. This project takes youth through the whole process of chicken egg incubation from day 1 until hatching. This program has boasted gains in science skills and knowledge as well as increasing youth interest in science, responsibility, and trustworthiness. This is a great fit for

### 7<sup>th</sup> & 9<sup>th</sup> Grades

Ready to take embryology to the next level? Sign your middle or high-school class up for this more advanced look at embryology. This project builds on the activities of the lower grades adding fetal dissections and advanced candling of eggs. These hands-on high science activities are sure to add interest and
