Club Reports

Homesteaders 4-H Club, Dahlia Jacobs, Reporter

The Homesteaders' Club has had an awesome year, full of fun opportunities. In May, we had an end of the year party at the Jacobs' Family Farm where we enjoyed an array of food held in the upstairs part of their barn. Old fashioned games were played including sack races & tin can toss. We even learned about shitake mushroom forest farming. We finished up with a bonfire. In July, our leaders, Suzanne C. & Anjie G. put together a week-long summer camp. On Monday, we played team building games, tie-dyed and bleach washed t-shirts, made our own mozzarella cheese for pizza, made washer pendant bracelets, and homemade sidewalk chalk. We also enjoyed making freshly squeezed lemonade along with banana dipped in chocolate desserts. On Tuesday, we went to the Hope Academy and played water games with the residents. On Wednesday, we got to know each other better by having a game and movie day. Then on Thursday, we had a blast with our downtown Hendersonville scavenger Hunt; which was put together by one of our moms, Sandy W. We learned a lot about the history of our little town. We had a hotdog lunch at Hot Dog World & finished up with visits to the ECCO Aquarium & Mineral Museum on Main Street. During our last day on Friday, we made shoe packages for the Sole Hope ministry to send to needy children in Africa. Then we went to the Pisgah Center for Wildlife Education and tried our hand at archery and stream investigation that was followed by a tubing trip. Overall, we had an amazing week that ended a great first year of the Homesteaders' Club. We look forward to another year coming up soon.

Young Naturalists 4-H Club, Matthew King, Reporter

Last last month, the Young Naturalists visited Pearson Falls. We studied and identified flowers and other plants. This month we volunteered at Mud Creek Baptist Church's Hope Academy Special Olympics. We continue to prepare for the District Shoot in August.

Leaders In Training 4-H Club, Jesse Jakubielski, Reporter

LIT 4H club earns money by doing service projects. Then we have fun and use the money. Recently we had an ice cream social, went to a water park, and went camping. Coming up several of our club members will be in the West District 4-H Fashion Revue, going to the 4-H baseball game, Apple Festival, and preparing for the fair and Farm City Day.

Over the past couple of months, we have focused on our presentations. Almost all of us participated at the county level and many went on to district, where we did very well. We are planning a fun summer including camping, going to a baseball game and some water park fun. We are still collecting Christmas lights for our year round fundraising. We have collected several hundred pounds of lights and raised a couple hundred dollars. We are donating half the money raised to Catholic Charities. We are always on the look for service opportunities and will continue to meet on the third Tuesday of the month. We also have a new home for our club. We now meet at the Henderson County Parks and Recreation Building. Boy are we thankful to them for supporting our group.

Dana 4-H Club, Amber Hill, Club Reporter

Today we worked on the strawberry garden and picked out weeds. We also had people sweeping up the leaves as a service project for school.

Young Naturalists 4-H Club, Matthew King, Reporter

This month we have continued to prepare for our WHEP competition on May 3. We also conducted rifle and archery practices to prepare for the district shoot on August 9. Some of us also helped out in the plant sale at Henderson's produce.

Hoofbeats 4-H Club, Danielle Kuykendall, Reporter

On April 1st the 4H Hoofbeats had their meeting. In the meeting a couple of the members gave demo presentations and deepened our knowledge of horse bits. We had an assembly of eleven people and overall the meeting ran smoothly.

Don't forget you can purchase grocery cards at the Extension Office to raise money for your 4-H Club or the County Program!

4-H Mini-Garden and Creative Garden Winners

Extension Master Gardeners Pat Newcomer and Kate Raevouri-Wilson provided the 4-H Mini-Garden and Creative Garden Program for youth ages 9 – 18 in Henderson County. Participants planted and maintained 10 x 12 foot gardens at home. They also kept journals about their gardens. Valley-Ag in Mills River provided the seeds for Mini-Gardening. Mountain Horticultural Crops Research and Extension Center provided the tomato plants. Creative Gardeners designed their own gardens, including a garden theme and a decorative element. The goal of this program is for participants to learn how to grow their own gardens.
