## Union County 4-H Teens Volunteer at Samaritans Feet

On December 12, 2015, a group of Union County teens participated in a unique volunteer opportunity at an organization called Samaritans Feet. The organization shares a message of hope and love by distributing new shoes and washing the feet of underserved individuals around the world.

During our time at the distribution center, the teens and other volunteers helped to unpack various shoes, sort them, and mark their sizes down to help facilitate a smoother process for their final destinations.

Samaritan's Feet believes that a new pair of shoes can be a tangible foundation of hope to a person in need. The 4-H teens were all extremely moved and happy to have spent a Saturday giving back to such an amazing organization. We hope that next time even more teens and adults from Union County can join us for this wonderful opportunity!

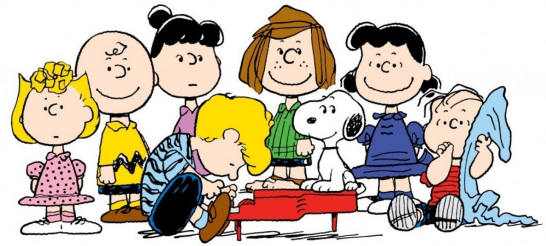

North Carolina State University and North Carolina A&T State University commit themselves to positive action to secure equal opportunity regardless of race, color, creed, national origin, religion, sex, age, veteran status, or disability. In addition, the two Universities welcome all persons without regard to sexual orientation. ## UNION COUNTY TEENS ATTEND NC 4-H COUNCIL CONFERENCE

4-Her's who participated: Justin Bernash, Maria Fehlman, Kaylyn Gise, Hope Haren, Charity Haren and Christian Montoya

On November 15- 16, 2015, six Union County teens attended this years 4-H State Council Conference. Over a series of two days, the teens were treated to a great program. They had their choice of interactive group sessions and panels where they were able to discuss and interact with their fellow peers. The sessions ranged from topics such as Teen Stress, Autism Awareness to fun, interactive activities such as Zumba, Yoga and other team building exercises. The event was capped off with a fabulous night of dancing and fun made memories with other 4-Hers from the surrounding counties. We look forward to participating again in 2016!

## Union County AIRE Winner Attends 4-H Conference

Attending National 4-H Congress was a great experience. I had the time of my life! I had the opportunity to listen to many national speakers. My favorite was Stedman Graham. When he spoke, I truly felt that I should expect more of myself. He discussed how no one thought he would do anything with his life. Look where he is now!

There were also many workshops offered. My personal favorite was the social media class. We learned how media affects our daily lives.

We also participated in a community service project. Our particular project was working to clean up an Atlanta park. This was work!

My favorite part of the trip was meeting all of the people from across the United States, like Puerto Rico, Wisconsin, and Hawaii. We talked about how they live their daily lives and how different it is from state to state. This trip was fantastic and I am grateful that I was chosen to attend.

## Kudos Corner

Miles is the first known AIRE competition winner from Union County 4-H. He competed against hundreds of other 4-Hers to attend National 4-H Conference. He was one of twelve chosen for the trip. Congratulations Miles on this great accomplishment!
