

What is NC Safe Plates?

NC Safe Plates is a food safety certification course developed by North Carolina State University. NC establishments must have at least one supervisor certified as a food protection manager through an American National Standards Institute (ANSI)-accredited program or face a two-point violation from the health department. NC Safe Plates has the same ANSI certification as ServSafe.

Who should attend?

This is a comprehensive program for food service managers and supervisory staff in restaurants, hospitals, nursing homes, child-care facilities and other food handling establishments.
