Resource Development Committee Minutes

Resource development Committee-Amy Boudin
Sonia Murphy talked about fundraising
Two things needed before they will give:
1.People need to love extension and 2.have resources

We need to know who we need to go to see.
Agents and council members can help identify donors.
How will money be used? It could be for a Special project or to help the county with its identified needs.

County leadership, CED and SAC member, could attend a cluster meeting to be trained in how to present this to our local counties

Put message on your personal email signature - I am on the Cooperative Extension Advisory Council.
To support or learn more about Cooperative Extension - go to this link. If you're interested in talking to someone about this, contact.....

Foundation could have a presence at the centennial celebrations.

List of events that could be used as springboard to identify potential donors.
