2019 NC 4-H Horse Program Eligibility Card Procedure

Blank eligibility cards will no longer be available. Please follow the below steps to request an eligibility card for any 4-Her wishing to show a project animal at a qualifying horse show.

1. Any 4-Her (or parent) wishing to exhibit a project animal at a qualifying horse show must submit an Eligibility Card Request Form. This is a form to be completed online that will ask for the same information that is generally on an eligibility card (horse and rider info, division, etc.) and will not require any signatures yet. The pony measurement section will be completed by a certified measurer at the qualifying show.
2. A 4-H'er must declare which qualifying show they intend to show at on this electronic form. This qualifying show cannot be changed once completed unless there is a unique circumstance that the Advisory Council Executive Committee chooses to allow. This year's shows are as follows:
 - May 5 - West (WNC Ag Center, Fletcher)
 - May 4-5 - East (Gov. Martin Ag Center, Williamston)
 - May 4-5 - South (Lake Waccamaw)
 - May 18-19- North (Gov. Hunt Horse Complex, Raleigh)
3. After this form is completed, an eligibility card will be generated by the State Office and will be sent to your county agent for review.
4. County agents will print the completed cards and arrange distribution to the leaders of the youth that have met county requirements for eligibility.
5. Once the printed card is in the possession of the 4-Her/leader, they are responsible for making sure that the card is signed by the parent/guardian, volunteer leader, and extension agent in order for the card to be valid.

PLEASE NOTE: There is not a specific deadline for completion of the request form. However, youth need to be sure to have all paperwork (including eligibility cards) completed in time to meet entry deadlines for their selected qualifying show.

“During my time I was surrounded by like minded kids my age from all different walks of life and riding backgrounds. I actively participated in mounted and unmounted meetings learning about riding and basic horse care and a lot about different breeds and disciplines along the way. I attended many local shows and 4-H State Championships multiple years to compete in the hunters and dressage. Fast forward to today where I have since graduated and work at US Equestrian full-time as their Social Content Producer. My job is to manage all of our many social media accounts and ambassador program. A big part of that job is photography, a passion I have had since I was very little. In the past few years I have traveled around the country covering many equestrian events from USEF National Championships to the FEI World Equestrian Games. A huge initiative of US Equestrian is growing the grassroots and bringing exposure to our 29 recognized breeds and disciplines. My time in 4-H not only taught me about many of the breeds and disciplines I am exposed to at my job but has given me a great understanding of the sport at the grassroots level. I feel so fortunate to have grown up in an atmosphere that encouraged me to pursue my passion as my career. It's programs like 4-H that helped steer me in the right direction and gave me the knowledge to succeed!”
