(See second page)

- PESTICIDE USE AND SAFETY ■ APPLICATION EQUIPMENT
- SPECIMEN IDENTIFICATION ■ FERTILIZER USE
- INSECT CONTROL ■ DISEASE CONTROL
- FRUIT DISEASE AND INSECT CONTROL ■ WEED CONTROL
- GROWTH REGULATORS ■ ANIMAL CONTROL

A photograph of a tomato nursery bed. In the foreground, two young tomato plants with green, lobed leaves are growing out of holes in a black plastic mulch. The soil around the plants is a rich, reddish-brown color. In the background, more rows of similar plants are visible, though they are out of focus. The overall scene is bright and shows a well-maintained agricultural setting.
