# Pitt County Extension Intern

**Location:** Pitt County

**Program Area:** 4-H Youth Development, Agriculture and Natural Resources, Family and Consumer Sciences

**Immediate/Site Supervisor:** Matthew Stevens

## Position Description/ Responsibilities:

Intern will support the work of each of our Extension agents by shadowing each of them individually during their internship experience.

The intern will work with Agriculture Agents to support the local agriculture industry, troubleshoot on-farm problems, and deliver research-based educational programs.

The intern will also assist with 4-H summer programming and support our Family and Consumer Sciences (FCS) Agent and Expanded Food and Nutrition Education Program (EFNEP) Educator in food safety and preservation programs.

## Preferred qualifications/previous coursework:

- A background or interest in agriculture, youth development, food science, nutrition, education, or related fields

## Benefits/skills student will gain through this internship:

- gain a better understanding for Cooperative Extension, including program planning, program delivery, and evaluation
- exposure to county government and local partnership organizations, work with volunteers who support programming
- better understand the community needs that programs are designed to address.
