

The NC State 4-H Horse Show App (hosted through Yapp) is your quick link to all the information you need to get you through the show: schedules, updates, maps, check-in procedures, website links, patterns, dressage tests, high point standings, class counts and more. Be sure to allow for notifications when you download the app so you receive alerts when updates are sent. The app replaces the Remind service we previously used.

Download Yapp for the State Show App by scanning the QR code above with your mobile device. You can also copy and paste, or type in this link: <https://my.yapp.us/FE96VF>.
