Avery County

County/Worksite Location: Avery County Cooperative Extension

Proposal/Program Area: Livestock

Project Title: Area Extension Livestock Intern

Immediate/ Site Supervisor: Michelle South

Other mentors/supervisors:

1	Jerry Moody
2	Jeff Vance
3	Tami Hagie
4	Vonda Vaughn

Project summary and intended outcomes:

The intern will shadow and travel with Local Extension Agent to Farm visits, workshops, and meetings. The Intern will be aiding with hands on work with livestock. They will also be helping with the planning and carrying out of meetings/ workshops/ field days. The intern will learn many aspects of teaching producers about the proper way of caring for, producing, and selling their livestock

What qualifications and previous coursework does the student need in order to be prepared for this internship, if any?

It would be preferred if the student was familiar with livestock and was experienced in being around livestock. A student that is in animal sciences, biology, or environmental science majors are preferred.

What benefits/skills will the student gain through this internship?

The Intern would learn different aspects of livestock husbandry and teaching methods. They will also learn communication and publicspeaking skills. The intern will also learn various hands on skills with livestock including basic safety and care.
