Project summary and intended outcomes:

Person with serve as summer assistant for the 4-H program. Attending activities, assisting with office responsibilities, contacting parents, and distributing information is a few of the tasks required. In addition, the position will have the opportunity to work with other Extension staff and program areas to support programming, as needed.

What qualifications and previous coursework does the student need in order to be prepared for this internship, if any?

Willingness to work with youth, is preferable. The intern must also be willing to take direction and have follow-through on tasks.

What benefits/skills will the student gain through this internship?

Intern will build and enhance skills in working with youth. Will also learn and build upon planning and programming skills. The intern will experience working in an Extension office, a team environment, and working with multiple partners and stakeholders. The internship will help the student gain a better understanding of Cooperative Extension and how it addresses issues with Food, Agriculture, and 4-H Development.
