

Person County Extension Intern

Location: Person County

Program Area: 4-H Youth Development

Immediate/Site Supervisor: Michelle Van Ness

Other mentors/supervisors: Bo Freeman, Johnny Coley, Kim Woods, Jennifer Grable

Position Description/Responsibilities:

A successful candidate for this position will work with Person County Extension agents to help coordinate and implement program activities throughout the internship. The intern will work primarily with the 4-H agent on projects throughout the internship.

To make a more well-rounded internship experience there will also be opportunities to work on projects with the Crops, Livestock, Horticulture, and FCS agents. These projects include, but are not limited to, 4-H Summer Fun, Insect Monitoring, Field Tours, Crop Research, Cooking classes, etc.

Preferred qualifications/previous coursework:

- Completed or in the process of completing their junior year of college
- Coursework in Ag Extension Education, Animal Science, Crop Science, Horticulture, or Nutrition is preferred

Benefits/skills student will gain through this internship:

- Communication (written and verbal) skills
- Planning skills
- Programming skills

These skills will help benefit their future no matter what career choice they make as these skills are essential for any job.
